Make it easy to move, store and distribute your digital devices

Carrying bags for even more mobility
Naotic carrying bags are light, solid and equipped with a zip closure to facilitate the storage and the transport of your tablets and laptops, and all completely safely.

Flexible design
With Tabibox cabinets you can choose the layout: dividers for easy storage and visibility of the devices or bags to optimise the mobility of your equipment.

Optimise space and access to devices
The Tabibox cabinets can be placed or fixed to the wall. The devices are always reachable, secured and can easily find their place in your premises.

Have your mobile devices charged safely, ready to use, and for a long time!

Integrated electrical safety
Your devices and your electrical installation are protected from peak loads and surges.

Charging status display
The LED indicators allow you to know anytime when your devices are charged

Optimised charging and protected batteries
With Tabibox, the charging time is always as short as possible: no waste, less strain and longer lifetime for the batteries!

CSR lucie Naotic is committed

A Naotic solution for all sectors of activity concerned by digitisation

Technical information

1. Secured technical area with air vents
2. LED charge status indicators
3. 4-digit code lock with passkey
4. Adjustable dividers for tablets or laptops
5. Carrying cases for tablets or laptops

2 charging technologies available to suit every device and need

Smartypower: electric controlled charging
makes charging via power strips easier, safer, manageable and connected:
- You use the power supplies of your devices
- Charging is configurable and timed
- The start-up is progressive to avoid charge peaks
- You control the functions remotely via a mobile app: on/off, scheduling and timing of the charge and wifi.

Tabipower, fast and intelligent USB charging
gives you access to USB technologies for today's and tomorrow's devices:
- No more need for the device's charger
- Dual USB-C / USB-A connectors
- 2 charging protocols : Power Delivery and Quick Charge

Solution equipment

- 4-digit code lock with pass key
- Dividers or carrying bags
- Quick-connect cable management system
- Separate and secure technical area
- Central charging system for mobile devices
- On/off master switch with indicator light
- Ventilation system through natural convection
- 3 m angled power supply cable.
