Nao*case*® **M500**

High-strength transport case
for securing and recharging laptops fleets

Nao*case*® **M500**
or 10 laptops 16"

Modular integration solution allowing tailor-made

38% Matière recyclée

Proportion of recycled material used in production

2 carrying modes

Make it easy to move, store and distribute your digital devices fleets

Have your mobile devices recharged safely, ready to use, and for a long time!

Cases that makes device transport easier
Made of resistant resin, Naocase M500 is equipped with three carrying handles and a retractable trolley to ease the movement of your device fleets.

Flexible integration thanks to Flexichannel® foam storage modules
Several advantages: they allow tailor-made integration, a high level of protection of your devices and a smart power cables management.
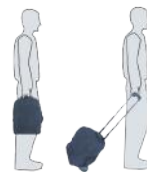

WiFi integration with cut-off
Naocase allows a WiFi hotspot integration with cut-off switch or planning and an RJ45 plug to have access to the network only when desired.

Integrated electrical safety
Your devices and your electrical installation are protected from peaks load and surges.

Charging status display
The LED indicators allow you to know anytime when your devices are charged

Optimised charging and protected batteries
With Naocase, the charging time is always as short as possible: no waste, less strain and longer lifetime for the batteries !

Made in France

5 YEAR WARRANTY

Certifications EN 62368-1 CE / Rohs

CSR *Naotic is committed*

A Naotic solution for all sectors of activity concerned by digitalisation

Technical information
